

BENSON GOLF CLUB
The Best 18 Holes in Western Minnesota!

The Tee Box Newsletter

Greetings Everyone and Happy Easter!

What a great spring we have had so far... let's hope it continues all summer long. If you have not been out yet- the course came through the winter in great shape.

Before the season gets in full swing just a few reminders to help maintain our course in great shape. Please keep carts on paths near greens when provided or a good rule of thumb is to stay a minimum of 30 feet from greens and tees. Only you can prevent ruts near greens. Please remember to fix all ball marks on the greens. Only you can prevent ball marks. Please keep up with the group in front of you. Only you can prevent slow play. Your place on the course is behind the group in front of you, not in front of the group behind you. If we all follow these simple yet, effective, guidelines it will be another great year.

Benson Golf Club remains one on Minnesota's best golfing values. Compared to other area 18 hole facilities, we offer a competitive fee.
