Happy Trails to you all-

Have you been on the cart paths lately- Sally and her crew are doing a great job leveling and putting a more durable surface on some of the higher traffic areas.

We just got done aerating the greens and soon they will be back to normal. I often get asked "why do we aerate the greens?" Sally would have a more definite answer for you, but I am going to let you know the general importance of aerating greens at least once a year. Greens get very compacted due to all the walking traffic on them - aerating helps "loosen" up the soil. Greens need a mixture of dirt and sand to stay healthy - top dressing aerated greens allows sand to get back into the composition desired in greens. The sand allows the greens to drain and thus making the roots have to grow to get water and this creates a much healthier plant. How'd I do Sally? We appreciate your cooperation during this necessary maintenance.

Next time you step foot in the bar, you will be pleasantly surprised. Thank You to the North Side Elementary for their generous donation and to Larry and Lee H. for making it happen. The new bar is in loving memory of Sandy Moesenthin. It looks great.

The Tee Off Dinner was a great success. The ladies honored all golfers over 60 years of age and had been playing golf for over 20 years. Jane Kjos and Jan Baukol put a lot of work into the program and it was a big hit - thanks.

Upcoming Events to be aware of . . .

Sunday May 14th we will be offering a Mothers Day Brunch. Please call for reservations if you have more than 6 in your party. Thank Mom by bringing her to a great meal at the Benson Golf Club.

Sunday May 21st - 5 person Scramble. See web site for more information.

Saturday June 10th - The 5th Annual Joel Houim Best Ball Tournament. Proceeds go to the Joel Houim scholarship fund plus it is a great time.

Don't forget Mom this Sunday - I have the new Lady s3 colored golf balls in or a new bag, or a new shirt or even a new set of Cleveland W-Series Irons on sale.

Good Luck,
